EECS4302 Winter 2020
Project Milestone 2
(3% of your grade)
Demonstration of Chosen Target Verification Tool

Chen-Wei Wang

Submission Due	**11:59pm, Wednesday, March 11**
Meeting	**Thursday, March 12**

1 Submission (Before the Meeting)

– By **11:59pm Wednesday March 11**, submit via command line:

```
submit 4302 Project milestone-2
```

where `milestone-2` is a folder that contains five files:

- example-1
- example-2
- example-3
- example-4
- example-5

Each file is a valid input that can be loaded to the verification tool with syntax or type errors.

– **Do not submit the five files directly. They must be enclosed within the `milestone-2` folder.**

2 Grading (During the Meeting)

2%

These examples illustrate target specification language features, which are **sufficient** to support the verification of **basic** input program features. Refer to project instructions for the list of basic features.

1%

Demonstrate how to verify these examples in the verification tool.
